REUSE

Bamboo wood is a renewable resource which create low carbon, green, environmental protection and biodegradability. Bamboo products is a new trend now. Many customers as a carrier of bamboo culture and synonymous with low carbon environmental protection.

Yilin bamboo
伊霖竹艺

WHY US

ABOUT US

Yilin is found

2004

Full line refillable bamboo packaging issued

2010

The world's first bamboo powder designed

2008

New factory is established (26000m²) for better developing and producing

2015

We become a reliable and make a name for our sustainable packing solution to more than 300 famous customerswe

2019

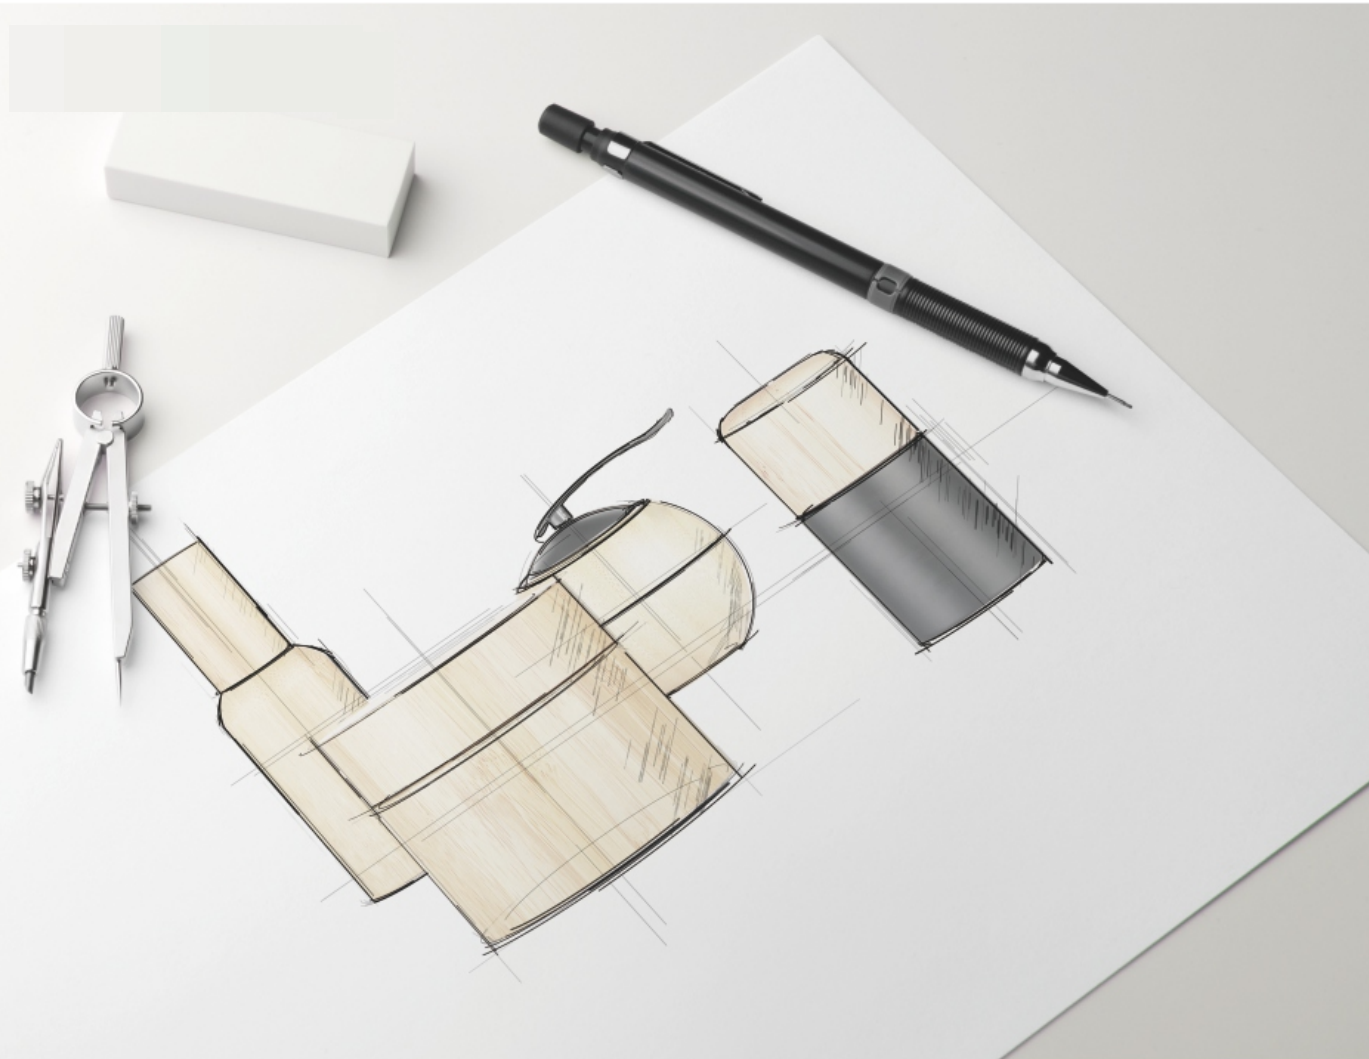

We bring various materials for cosmetic packaging, including but not limited to bamboo, wood, PLA, PCR, OBP, and so on

NOW

Focus on the research and development of
environmentally friendly cosmetic packing
Creating an international enterprise
with leading technology

R & D innovation

Yilin is keen to grasp the international development trend of cosmetics, and has always regarded the research and development of environmentally friendly cosmetic packaging as the top priority of the company's research and development and production. With professional and senior design and development team, we are constantly developing and challenging in the fields of precision mould, automation equipment and process optimization, providing technical support for customer's projects and enabling creativity to be implemented on the ground.

At present, Ilin is increasing its investment in R&D and design, introducing high-end technical personnel. Aiming at the difficulties and key issues in the process of developing green cosmetics, Ilin is taking advantage of many advantages and solving them quickly so as to build an international enterprise with advanced technology.

Advanced Equipment

Advanced production equipment and rigorous process flow are the cornerstone of product quality assurance.

Ilin has advanced high-precision production equipment, good production environment and a team of technicians, which ensures that Ilin's product quality has always been in the leading position in the industry.

Careful Inspection

Yilin has perfect professional testing equipment, sound quality management system, strict inspection from raw materials entering the factory to product delivery, strict quality control, comprehensive and strict product testing according to standards, not allowing a non-qualified product Out of the company, the quality of the products is guaranteed, and the users are 100% satisfied.

Qualification Certificate

Qualification certification is the blood of the brand, casting the status of Ilin in the hearts of consumers, is the respect and recognition of Ilin products by consumers.

Marketing and Services

Yilin has a professional, efficient, honest and dedicated marketing team and a complete market network service system. It is keen to grasp the international development trend of cosmetics, integrate resources and fully understand customer needs, so that customers can feel our high-quality, professional and all-round service.

The company is convinced that only standing on the customer's point of view for the customer, can we really win the market. Wish to share and create beautiful business together with more business partners who share common dreams!

Medicine bottle

Features & Benefits:

ONLY
BAMBOO

Perfume bottle

Features & Benefits:

ONLY
BAMBOO

Bamboo essential bottle

Bamboo essential bottle

Features & Benefits:

- Wooden/Bamboo thread cap, plastic-free, inner cork piece for seal,
- 100% compostable

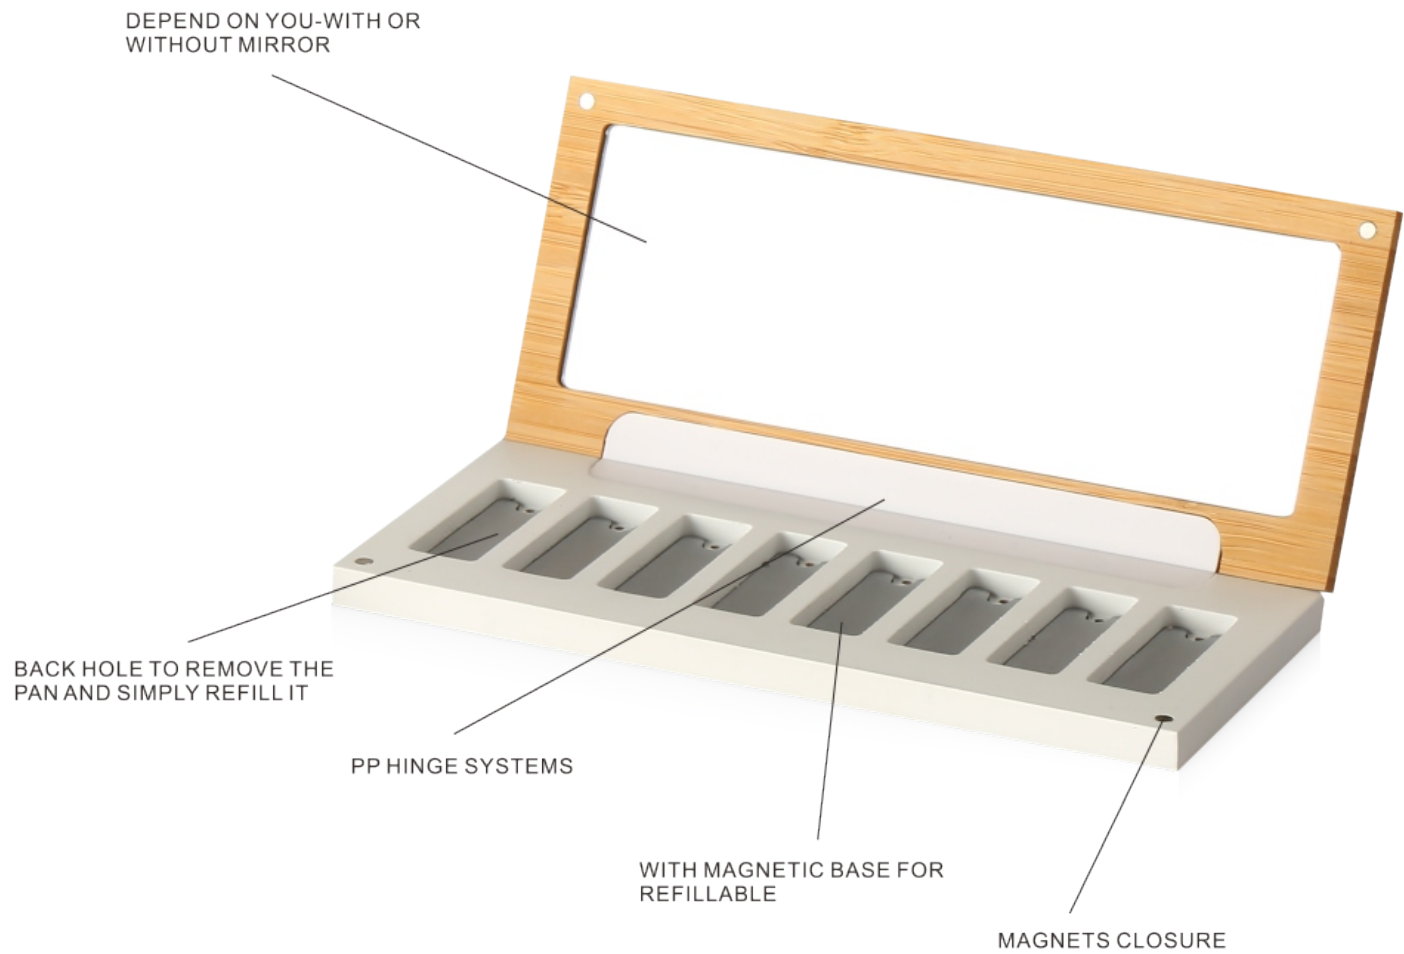

- Tube material optional:
Virgin PE/PCR PE(30%-100%)/PLA

OUTER CASING-MADE WITH
SUSTAINABLE BAMBOO,
100% PLASTIC FREE,
EASY ASSEMBLY WITH SCREWING

REFILLABLE-FULL PAPER,
EXISTING CAPACITY IN 6g/20g/50g
(cylinder)/25g(in oval shape).
SIZE CAN BE CUSTOMIZE.

Bamboo Palette

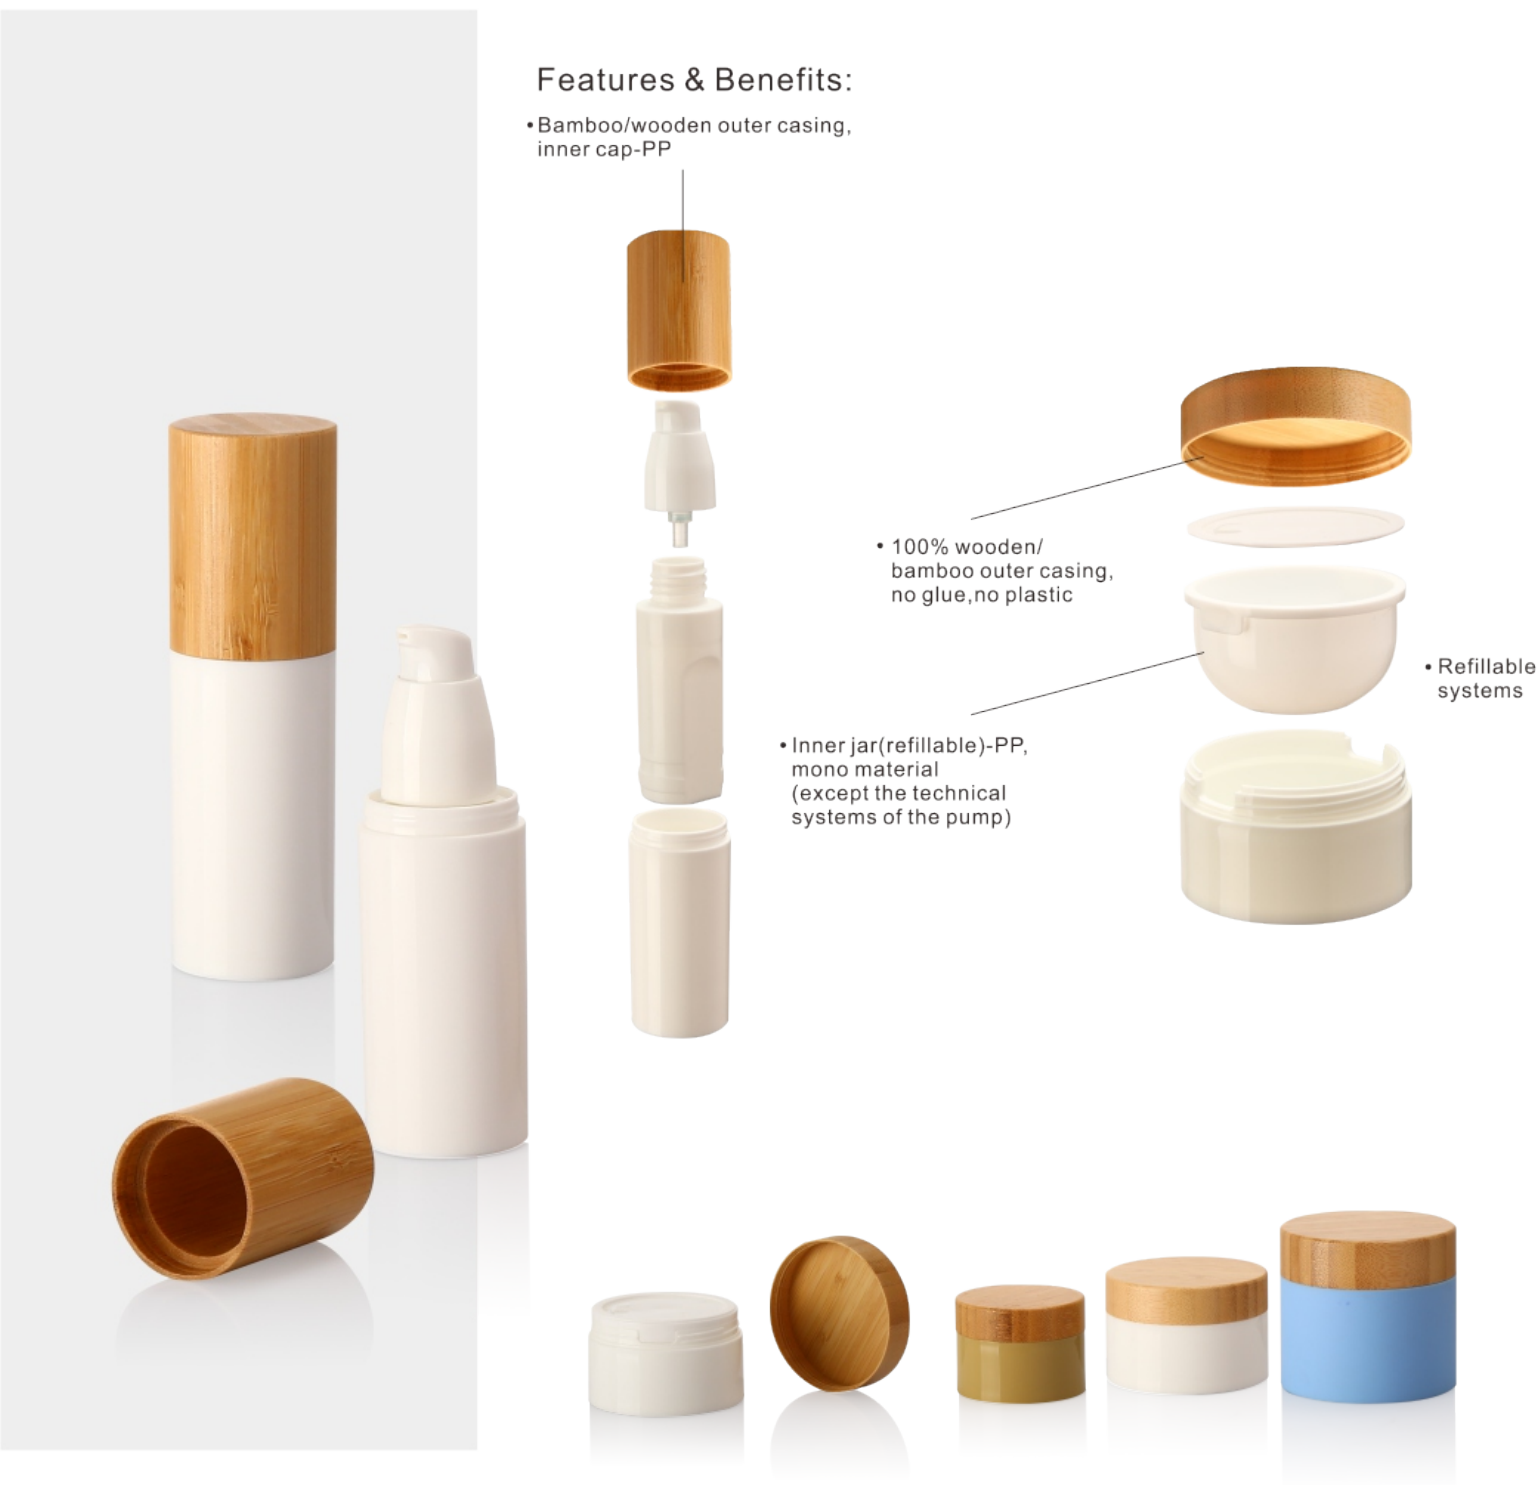

Bamboo Palette

Bamboo Mirror

Features & Benefits:

- 100% wooden/bamboo cap,
- plastic free

Features & Benefits:

- 100% wooden/bamboo outer casing (cap+base),

- Simple structure
- Various capacity optional.
